

RUNNING WITH NICK

Laughter, wisdom and inspiration from the man who taught us all what it means to live.

Nick Huber was a gifted writer, dedicated husband and friend to many. At age 23, he was diagnosed with ALS, a progressive neuromuscular disease that weakens and eventually destroys motor neurons. But he never stopped living life to the fullest. Very soon, a book of Nick's insightful, funny and moving blog entries will be available. Now is your chance to own this book.
